In connection with our joint efforts, you will provide us with information including the names, addresses, and phone numbers of your customers. We understand that this information is confidential and is important to your current and future business. Therefore, AIG hereby agrees that any information received from your company will be deemed confidential and will not be disclosed to any person, firm, corporation or entity without your company's prior written consent, except that the information can be used by AIG's employees and/or other persons retained by AIG to process claims and accounting functions.

We are looking forward to a mutual and prosperous business relationship, with AIG working on your behalf.

Order Processing

Simply visit Carrier's e-commerce website to place your order. The order must be received by AIG within six (6) months of sale. For assistance in placing your order, please contact your Carrier distributor.

Coverage can be offered to the consumer for residential installations up to five (5) years old. The contract will be retroactive to the date of installation.

ELIGIBILITY:

To be eligible for coverage, the product must be in good working order at time of contract purchase. If it is determined that a claim results from a pre-existing condition, the payment of claim may be denied. Information regarding the original install date of the product must be correct. Inaccurate information regarding install date may result in the product being ineligible for coverage. We reserve the right to inspect the product at any time to determine eligibility for coverage.

ANNUAL MAINTENANCE:

All products covered by contract require annual maintenance be performed by an authorized service technician as specified by the manufacturer. The contract does not cover normal, periodic or preventive maintenance or check-ups.

WAIT PERIOD:

The product you are purchasing from AIG is an extended service agreement contract. The contract start date begins the later of thirty (30) days from contract purchase or upon expiration of the dealer's labor warranty, whichever is later. Residential contracts sold greater than twelve (12) months from the installation date have a ninety (90) day wait period. Claims or losses that occur prior to or during a wait period are not covered.

IMPORTANT NOTICE:

The product to be covered under this Application Order Form has a specific make, model and serial number which were designated at time of manufacture. The information can be found on each product. It is your responsibility to verify the exact information for each product to be covered. If it is determined at time of claim or at any time during the term of the agreement that the make, model and serial number(s) do not match the information contained in the Application Order Form or actual contract, coverage may be declined.

To file a claim, please include the following:

- Completed claim form
- Contract number
- Original work order/invoice including customer signature
- Model and serial number of equipment

When multiple repairs are made, the highest repair code will be first, the second repair will be at 75% of the following highest code and the third and final code will be at 50%.

Repairs

Multiple Repairs

To alleviate any confusion regarding multiple repairs in regards to claims reimbursement, please note that claims with multiple repair codes allow for the highest cost repair to be applied first, then the second repair is at 75% and any additional repairs on the same ticket are 50% of the applicable repair code.

Companion Repairs

Companion repairs are claims that are submitted as multiple repairs when in-fact they should be considered one repair. We refer to these as companion repairs as they are in-fact part of the same failure. The items below are considered for claims purposes to be one repair.

PRIMARY	RESIDENTIAL COMPANION REPAIRS
Blower Motor	Bracket Capacitor Squirrel Cage
Compressor	Accumulator Capacitor Contactor Drier Hard Start Kit King Valve / Service Valves Muffler Reversing Valve
Condenser Coil	Drier
Condenser Fan Motor	Blade Bracket Capacitor Contactor

DEALER ENROLLMENT TERMS AND CONDITIONS AUTHORIZATION TO SELL SERVICE NET EXTENDED SERVICE AGREEMENTS

The parties agree that, upon the execution (which includes Dealer's electronic acceptance) of the Dealer Enrollment Form ("Enrollment Agreement") between Service Net Warranty, LLC ("Service Net") and the executing dealer ("Dealer"), Dealer shall be authorized to offer the Service Net Extended Service Agreement ("Service Agreement") for sale to its customers subject to the following terms and conditions:

LIMITED AUTHORITY

Service Net authorizes Dealer to sell to its customers applicable Service Agreements on heating, ventilation, air conditioning and refrigeration equipment pursuant to the express terms of this Enrollment Agreement and the applicable sales/service guidelines. Any act taken by the Dealer and/or its agents that is outside the scope of this Enrollment Agreement and the sales guidelines shall not be authorized, and shall be deemed a breach of this Enrollment Agreement. Dealer shall be liable to Service Net for all damages, costs and fees arising out of Dealer's acts outside the scope of its authority.

WARRANTIES AND REPRESENTATIONS

Dealer hereby represents and warrants to Service Net as follows:

- Dealer shall promptly, but in no event later than six (6) months from date of purchase of Service Agreement, notify Service Net of each sale of a Service Agreement by Dealer through entry of the sales order, and all information regarding such sale requested by Service Net, into the online point of sale entry portal at the Carrier Enterprise ecommerce website. Dealer shall accurately identify the covered product and holder of such Service Agreement;
- Each sales order of a Service Agreement submitted by Dealer to Service Net shall be paid in full by Dealer. Dealer shall inform each holder of a Service Agreement that the Service Agreement shall not be valid unless and until Dealer submits such order and Service Net is paid:
- Dealer acknowledges and agrees that the only valid submission method accepted by Service Net for the sale of Service Agreements is through the Carrier Enterprise ecommerce online point of sale entry portal. Service Net will not accept an attempted submission of a Service Agreement sale by any other method, and Dealer understands that it will be fully responsible for any claims incurred under Service Agreements which are not properly submitted and fully paid;
- Each and every claim submitted by Dealer to Service Net shall be true, genuine and authentic, shall represent services actually performed by Dealer on the equipment covered under the applicable Service Agreement and parts actually used for the benefit of the holder of the Service Agreement as set forth in the claim, and shall be covered under the Service Agreement. Claims made for parts and labor which were not a result of an equipment failure will not be reimbursed by Service Net:
- Any application for a Service Agreement submitted to Service Net after six (6) months from the date of purchase shall be void. Service Net shall have no obligation to the Dealer or applicant there under and Dealer shall be responsible for any and all claims related to such application and shall indemnify Service Net for any damages related to such claims;
- If Dealer did not submit the related Service Agreement to Service Net and/or remit the appropriate sum for such Service Agreement pursuant to the terms of this Enrollment Agreement, Service Net may, in its sole discretion, accept such Service Agreements; provided that Dealer shall not be reimbursed for any such claims reported prior to Dealer's submission of the sales order for such Service Agreement, including payment of the full amount due for such Service Agreement. After Dealer has made payment for the full amount due and any such claims, Service Net may then accept responsibility to

- investigate, process, adjust and arrange for the payment of any further valid claims covered by the Service Agreement after ninety (90) days;
- Dealer shall collect any applicable sales tax incurred on the sale of Service Agreements and remit such taxes to the appropriate tax authority; and
- In those states considered "Dealer Obligor" (CA, CO, MA, ME, NC, NJ, OR, PA, TX and VA), the Dealer shall be considered the obligor under the Service Agreement, but shall be named as an additional insured under Service Net's applicable contractual liability insurance policy.

Dealer agrees that it shall not initiate any repair(s) for the Service Agreement holder without checking the date and terms of the respective Service Agreement. During the respective Service Agreement period, Dealer shall give Service Net any factory warranty or warranties on all new products and new parts. Service Net reserves the right to require Dealer to preauthorize all repairs.

CLAIMS

Dealer shall have the right to refuse any service work or service calls. Dealer shall be obligated to provide the service required with one (1) person per job hour at the rates permitted in the applicable Service Agreement, with no overtime, holiday pay, or other charges without the prior written consent of Service Net. Dealer shall warrant its service (labor and parts) for ninety (90) days on all repairs or replacements made within the term of the Service Agreement and shall remedy failures with ninety (90) days WITHOUT additional charge to Service Net. Service Net shall pay valid claims within thirty (30) days from receipt of all necessary claims documentation by its claims department.

All claim paperwork must be filed by Dealer with Service Net within sixty (60) days from date of repair. Paperwork includes claim form, signed and completed field service ticket, and cost back-up at minimum. Claims not submitted within sixty (60) days will become the responsibility of the Dealer.

OWNERSHIP OF INTELLECTUAL PROPERTY

Service Net is the sole owner or an authorized licensee of any and all copyrights, service marks, trademarks, trade names, trade dress, patents and all other intellectual property (collectively referred to as the "Intellectual Property") used by Service Net in its business, including, but not limited to, the "Service Net®" trademark and all associated trademarks and service marks. All Intellectual Property is, and shall remain, the sole and exclusive property of Service Net and its licensors, and nothing in this Enrollment Agreement shall grant or convey to Dealer any rights to, or licenses in, the Intellectual Property except as expressly provided for herein.

USE OF SERVICE NET NAME

Thirty (30) days prior to implementing any sales, marketing or customer solicitation program (e.g., direct mailing, brochure describing services or Service Agreement, advertisements, etc.) which, in any manner, uses or otherwise exploits the "Service Net" name or trademark, or any other Intellectual Property, Dealer must notify Service Net's marketing division at 866-538-8922 of said program, and must obtain Service Net's written approval of said program and use or other exploitation of the "Service Net" name, trademark or other Intellectual Property. Service Net shall have the sole and exclusive right to reject any such program or campaign for any reason whatsoever. In the event Dealer fails to notify Service Net as set forth above, or fails to obtain the required approval of the program, Dealer shall have no right to use or otherwise exploit the "Service Net" name or trademark, or any other Intellectual Property, in said program in any manner whatsoever.

TERMINATION

Subject to the terms of this paragraph, either party may terminate this Enrollment Agreement at any time, with or without cause, upon thirty (30) days prior written notice to the other party. In the event Service Net discovers evidence of a Dealer's (or its agent's) material fraud, misrepresentation or breach of this Enrollment Agreement, Service Net shall promptly notify Dealer, in writing, of its evidence and findings. Upon such an event and prior written notice to Dealer, Service Net may take such action as it deems reasonable and necessary, including but not limited to (i) requiring the Dealer to immediately terminate any agent(s) or employee(s) found to have engaged in material fraud, misrepresentation or breach, (ii) conducting an accounting and review of Dealer's books and records. (iii) requiring Dealer to implement certain internal procedures to reduce the incidence of such fraud, misrepresentation or breach, or (iv) immediately terminating this Enrollment Agreement, provided, however, that immediate termination shall only be upon a good faith finding that Dealer is no longer selling and installing the brand of heating, ventilation, air conditioning, and refrigeration equipment covered by the service agreement, has engaged in a pattern and practice of fraud, misrepresentation and breach, or has failed to take reasonable and necessary measures to prevent such fraud, misrepresentation or breach by its agent(s) or employee(s) after being put on notice of the same. Upon such termination, Dealer shall have no further right to sell, market or deal in Service Agreements, or any Service Net product, in any manner or on behalf of any party, and Dealer shall have no further right to, directly or indirectly, submit any claim or claims, regardless of their nature and timing, under or pursuant to said Service Agreements.

CANCELLATION

In the event of a cancellation of a Service Agreement, Service Net shall promptly refund Service Net's pro-rata portion of the monies it received from the sale of the original Service Agreement. Dealer shall promptly return the pro-rata purchase price of the Service Agreement the respective holder of the Service Agreement in accordance with the Service Agreement. For details on cancellation of a Service Agreement, please refer to the Service Net Terms and Conditions.

ENFORCEMENT

Notwithstanding anything else contained herein, Service Net may seek a temporary restraining order, preliminary injunction and/or a permanent injunction in order to prevent the Dealer from continuing to sell, offering or marketing Service Agreements or from continuing to represent itself as an authorized dealer, agent or representative of Service Net.

ATTORNEYS FEES

In the event of litigation between the parties for any matter arising out of, related to or connected with this Enrollment Agreement or the Service Agreement(s), or the breach or non-performance hereof, if Service Net is the prevailing party in such litigation, Service Net shall be entitled to recover against Dealer reasonable attorneys' fees, expenses and court costs at all levels.

GOVERNING LAW

Indiana law, including its laws governing the conflicts of laws, shall govern this Enrollment Agreement and any and all disputes arising hereunder or related hereto. The expense of the disputes shall be borne by Dealer. All disputes shall take place in Chicago, Illinois USA.

EXCEPT FOR MODIFICATION TO THE SERVICE AGREEMENT AND THE SALES/SERVICE GUIDELINES, (WHICH SHALL BECOME EFFECTIVE FOR SUBSEQUENT SALES AND SUBSEQUENT SERVICE UPON POSTING BY SERVICE NET), ANY MODIFICATIONS IN THE ABOVE TERMS AND CONDITIONS SHALL NOT BE EFFECTIVE OR ACCEPTED WITHOUT A PRIOR WRITTEN CONSENT SIGNED BY AN OFFICER OF SERVICE NET.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- 1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
 - 2. Certify that you are not subject to backup withholding, or
- 3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

SERVICE CONTRACT COMPREHENSIVE COVERAGE

This document sets forth the entire Contract between the Service Contract Administrator, hereinafter referred to as We, Us and Our, and the Purchaser, hereinafter referred to as You and Your. No representation, promise or condition herein shall modify these terms. Service Net Warranty, LLC ("Service Net") is contractually obligated to You to provide service under this Contract where in accordance with and as allowed by state law. If this Contract is purchased in Florida or Oklahoma, Service Net Solutions of Florida, LLC is contractually obligated to You to provide service under this Contract.

- I. WHAT IS COVERED. Depending on the coverage You purchased, We will furnish a diagnostic charge; labor; parts; and/or replacement equipment (or pay for same) necessary to repair operational or mechanical breakdowns of the Product specified in this Contract, provided such service is necessitated by Product failure during normal usage. The Product specified and covered includes only equipment as originally configured and installed at time of purchase and charged for in this Contract. Coverage also applies to the parts and accessories that are necessary to the covered Product's functionality, but does not apply to accessories used in conjunction with or to enhance the performance of the covered Product. This Contract is inclusive of the manufacturer and dealer warranty, as reported to Us by Your dealer, and does not replace the reported warranties. Please refer to Your original purchase receipt for specific details on the reported warranties. Important Note: Some manufacturers offer longer parts warranties as registration incentives. Contact the manufacturer of Your product for information.
- 2. ELIGIBILITY. If You purchased Your Contract greater than twelve (12) months from Your Product's original install date, this section applies to you. Contract purchase must be within sixty (60) months of original Product installation date. To be eligible for coverage, the Product must be in good working order at time of Contract purchase. If it is determined that a claim results from a pre-existing condition, the payment of claim may be denied. Information regarding the original install date of the product must be correct. Inaccurate information regarding install date may result in the product being ineligible for coverage. We reserve the right to inspect Your Product at any time to determine eligibility for coverage.
- 3. WAIT PERIOD. Coverage begins thirty (30) days from contract purchase or upon expiration of the dealer's labor warranty, whichever is later, unless the contract is sold greater than twelve (12) months from the Product's installation date. If the contract is sold greater than twelve (12) months from the installation date, there is a ninety (90) day wait period. Claims or losses that occur prior to or during the wait period are not covered by Your Contract.
- 4. ANNUAL MAINTENANCE. All Products covered by this Contract require annual maintenance performed by an authorized service technician and as specified by the manufacturer. You may be required to submit proof of annual maintenance in the event of a claim. Lack of annual maintenance or failure to provide proof of annual maintenance may result in denial of payment for claims under Your Contract. You will be responsible for payment of denied claims due to the lack of annual maintenance or failure to provide proof of annual maintenance.
- 5. TO OBTAIN SERVICE. If service is required, contact the number shown on the front side of this Contract and explain the problem. Prior to any repair being made, the dealer may be required to follow authorization procedures. In these cases, any claim for repairs without authorization will not be covered except as provided under emergency repairs.
- AVAILABILITY OF SERVICE. Neither Us nor the dealer shall be liable for any damages whatsoever arising out of delays, either before or after a day or time of service is agreed upon.
- 7. ACCESSIBILITY OF PRODUCT. If onsite service is required, You agree to make the Product reasonably accessible to the authorized service technician. If the Product is not accessible, the authorized service technician will have the option of declining to provide service or assessing You an additional charge, which will not be covered by Us, for making the Product accessible, commensurate with the difficulty in working on the Product. All service fees incurred by Us will be applied to the maximum liability of this Contract.
- 8. TERMINATION FOR OTHER CAUSE. Any attempts by YOU to repair or alter the Product, or if We cannot provide service due to removal or alteration of serial number, or because You have committed fraud upon us, at our discretion we may terminate this Contract without liability. If We exercise this right, You will receive a pro rata refund of one-hundred (100%) of the purchase price of Your Contract based on the time remaining on Your plan less the value of any services or claims that have been provided or paid.
- 9. IMPORTANT NOTÉ. Repairs recommended by the authorized service center not necessitated by mechanical breakdown are not covered unless specifically authorized by Us. We reserve the right to inspect the Product prior to coverage determination or during the coverage period. Model number, serial number and original date of purchase of all Products to be covered must be provided to initiate a request for service. If You request a service call for a non-covered repair or "no failure found" diagnosis is determined for the same problem on a second trip, You may be responsible for all costs associated with the repair/call. In the event You are unable to meet the authorized service technician, You must call to cancel the appointment one (1) business day prior to the agreed upon time of service or You may be responsible for paying the second trip charge for the subsequent rescheduled repair. If the Product is found to be performing to the manufacturer's specifications, service will not be authorized and You will be responsible for costs incurred.
- 10. TIME FOR SERVICE. Service will be performed during the hours of 8:00 a.m. to 5:00 p.m. local time Monday through Friday, excluding holidays or during the hours of operation of the participating authorized service center. Any additional costs above the authorized rates (premium or overtime charges) or after hours service will be at Your expense with exception of health related or severe weather related emergencies.
- II. PLACE OF SERVICE. Onsite service will be provided at the address listed on the front side of Your Contract. Service will be performed by the Dealer named on the front side of this Contract, or by an authorized service technician.

If We determine that We are unable to repair Your Product due to the unavailability of functional parts, service or technical information, or if the cost to repair will exceed the Claims Limitation as described herein, the total liability owed to You under this Contract will be the lesser of (I) the current market value of a Product of comparable specifications; or, (II) the retail price paid for Your Product minus sales tax and claims paid, in lieu of service repairs or replacement of a Product of comparable specifications. In all cases where parts or technical information are on extended backorder for a minimum of sixty (60) calendar days, We will determine if a replacement or reimbursement will be made. All contractual obligations

are fulfilled, in lieu of repairs, upon Product replacement, reimbursement or Contract term expiration and the covered Product becomes the property of Service Net and We may, at Our discretion, require the Product to be returned to Us (or Our designee) at Our

Industry Term -> AIG Term

If there are multiple AIG terms for a particular Industry term, then the Industry term is too vague to provide an accurate AIG term match. Please provide more information in order to correctly identify the product in question. Not all products on this list can be covered by AIG, however if they are, the AIG term would be what the product description would read.
