

Purchase a YELLOW JACKET™ YJ-LTE® Refrigerant Recovery Machine or ManTooth® P/T/V Gauge.....

Sponsored by

P/N 95730

Designed and
assembled
in U.S.A. 

- Built in purge circuit which eliminates the need for external equipment and makes for easy clearing at the end of the job.
- Superior condensor performance which means the recovery tank stays cooler for a longer period of time, allowing you to recover more refrigerant without high-pressure cut-out.
- Simple operation, with a single valve, single gauge control panel.

P/N 67023

Made in
U.S.A. 

- Free downloadable ManTooth® app calculates and displays the system's actual readings on your Smartphone
- Lighten your load - replaces your gauges, hoses and vacuum gauge
- Eliminates cross contamination of refrigerants
- Charge directly through the ManTooth
- Minimize potential for leaks
- Includes 100+ refrigerants
- Not pressure specific
