		YOUR LEVEL IS:	_____

PROGRAM DETAILS

- Pre-Season orders must be placed by **Friday, October 25, 2019**.
- Placing a minimum \$4,000 Pre-Season order, excluding commodities, on or before Friday, September 27, 2019 guarantees you will receive Pre-Season Pricing levels on all additional orders thru Friday, March 13, 2020. (Note: Pre-Season price will not apply on additional orders of commodity items, ie linesets, copper, black Pipe.) If the minimum purchase criteria is not met, the special Pre-Season price applies only to the Pre-Season order and the competitive Pre-Season Price will be charged on all other orders.
- Price volatility is expected in the coming months due to recently enacted import tariffs and supply shortages in the transportation industry. As a result we anticipated market price increases in the near term and prices are subject to change without notice. With current market conditions we can't guarantee future pricing, however placing a qualifying stocking order will lock you into the preferred price level until 3/13/2020. Please visit **www.carrierenterprise.com** for your most current pricing, availability and to place orders.
- Equipment and refrigerant do not count toward the dollar value of the order for the OEM/Factory Authorized Parts Level and Pre-Season terms do not apply, even if listed in the book. However, we will ship them free freight with your program order.
- Terms and free freight will apply to any back-ordered item.
- All orders/terms are subject to credit approval.
- Not responsible for errors or omissions. Prices subject to change without prior notice.
- Pre-Season orders will exempt non-dealers from warranty processing fees.
- Pricing based on quantity "each" cost, unless otherwise stated. *Comfort Products Distributing intends to hold this published pricing through the listed dates, however, cost fluctuations may cause unexpected price changes to our customers.*
- Enter the coupon code "**PROMO-CPDPPS**" on your Pre-Season order when placing it Online.

What if you could earn valuable rewards — simply by purchasing industry-leading HVAC parts, supplies, and ductless equipment?

Thanks to **CE Rewards**, now you can!

At CE, we place great value on your loyalty to our brand, and we appreciate the opportunity you give us to supply you with industry-leading HVAC products. We also believe in rewarding your commitment to working with us. And that's why we are so pleased to introduce you to **CE Rewards**.

CE Rewards allows you to earn valuable points for each qualifying purchase you make — either online or at a CE Sales Center. Once you're enrolled in the program and logged in to your CE account, qualifying items will be noted with a points value — so you can calculate your earnings while you shop!

But that's just the start. With **CE Rewards**, your earning power grows based on your cumulative purchase dollars throughout the year. You'll earn more **CE Rewards** Points with each new level you achieve.

Buy more, Earn more!

Upon enrollment, you will automatically* start earning **CE Rewards** Points with each qualifying purchase you make. But you have the power to double and quadruple your earnings as you "level up" — an achievement that promises to be incredibly rewarding!

*Point earnings will happen automatically with qualifying HVAC parts, supplies, and ductless equipment purchases — no need for you to complete any paperwork or submit any additional information. So simple!

What can you get with **CE Rewards** Points?

The possibilities are practically endless, with over 750,000 options, including travel, movie tickets, sporting and music/theater event tickets, electronics, apparel, jewelry, housewares, toys, sporting goods, home décor, tools...and more! See for yourself by browsing our full catalog. Simply log in to your account at **carrierenterprise.com** and click the "REWARDS" button located on the upper right hand side of your screen.

Please note: The "REWARDS" button is only visible when you are logged in to your account AND you are enrolled in the CE Rewards program.

Intrigued?

We hope so, because we're most eager to build a loyal relationship with you.

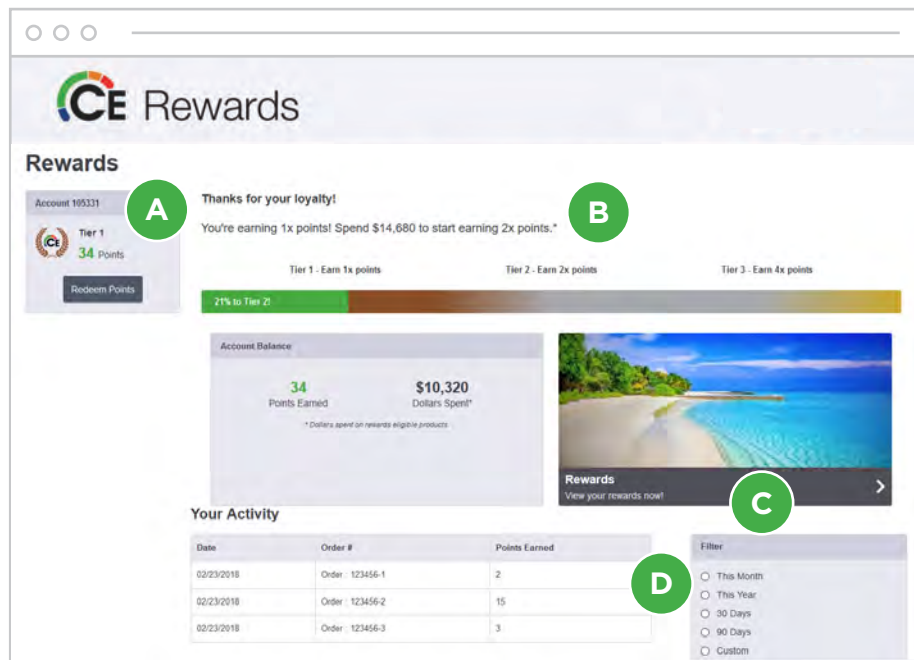

To learn more about the program and see if you qualify, please contact us at **support@carrierenterprise.com** OR contact your Digital Customer Care Representative.

Get online with CE Rewards

CE Rewards is accessible online 24/7/365 from your desktop, laptop, tablet or mobile device. It's your one-stop venue for **CE Rewards** information and award redemption and is destined to be your new favorite "shopping" site.

Once you're enrolled, here's how to get started:

- Log in to your account at **carrierenterprise.com**.
- Click the "REWARDS" button located on the upper right hand side of your screen.
Please note: The "REWARDS" button is only visible when you are logged in to your account AND you are enrolled in the CE Rewards program.
- Check your current status and your current points balance. **(A)**
- See how you're progressing and set a goal to "level up." **(B)**
- Click the "Rewards" tile to browse the redemption options or to redeem your Points. **(C)**
- See detailed points accumulation by transaction. **(D)**

Let the rewarding begin!

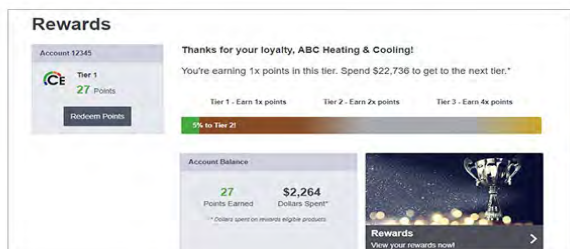

We look forward to honoring your loyalty to CE. Once you're enrolled in CE Rewards, all you have to do is make qualifying purchases to earn CE Rewards Points. We'll do all the rest!

Start your quest for the gold today! Contact us to learn how to enroll.

We can't wait to hear from you.

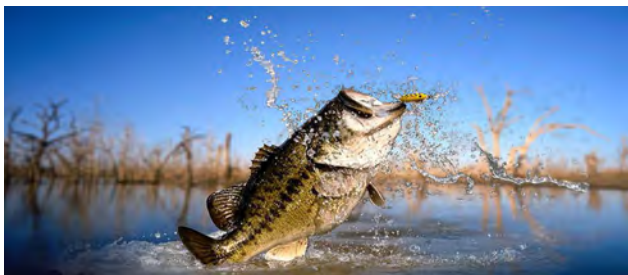

Carrier Enterprise (CE) reserves the right to alter, amend, or cancel any or all elements of this program at any time without notice. CE reserves the right to interpret the rules of the program in any of their applications. ^A CSA rating for altitudes to 2000 ft.

^B Size shown is for gas connection to a single stage gas valve, not supply line size.

^C Smaller or larger vent pipe diameters may be allowed; refer to the Venting Installation Manual, Form I-V-PV. If vent diameter is different from vent connection, reducer/enlargers will be field-required.

^D MODP = 2.25 x (largest motor FLA) + smallest motor FLA. Answer is rounded to the nearest commercially available circuit breaker.

^E All other information in this table is based on a heater equipped with a standard 115 volt open fan motor.
