¹ Please refer to the Wells Fargo® Credit Card Agreement for details about credit costs and terms for consumers. Wells Fargo is a registered trademark of Wells Fargo & Company.

² Special Rate: The special rate APR will apply to the purchase until the purchase is paid in full.

³ Equal Monthly Payments: The monthly payment required during the equal payments period will be in an amount required to pay the unpaid balance of the account at the beginning of the first billing cycle of the equal payments period, in fixed monthly payments, rounded to the next higher whole cent. Because of rounding, the final fixed monthly payment could be less than the other fixed payments.

⁴ No-Interest if Paid in Full: The interest accumulates during the promotional period. Interest is added into the customer account balance if the account is not paid in full during the promotional period. If the customer pays the balance in full before the promotional period expires, they pay no interest.
