

Yellow Label Self Stick Access Door

Access doors are used in duct systems for many reasons. Entry is often required to facilitate duct cleaning, examine equipment, or to test, repair, or troubleshoot system components.

Duro Dyne YHSAD & YCSAD access doors provide an easy four step solution. Size and cut a hole in the duct wall. Peel the release paper from the foam gasketed access door frame. Press the frame into position. Insert one screw into each of the four pre-punched holes in the frame.

YHSAD

YCSAD

FEATURES:

- 24 gauge galvanized steel construction
- Saves time and is easy to position - No frame "dove tails" to align and bend
- 10 stock sizes from 6x6 through 24x24
- Tested to 10"SP with minimal leakage
