

Grip-On Pins are made with nail tips that have a double claw to grab more than metal. The hardened tip penetrates sheet metal, yet is soft enough to bend at the right moment of impact with an underlying harder surface. The points will not shatter.

PART NUMBER	PRODUCT DESCRIPTION	QTY.	GRIP LENGTH
308239	GRIP-ONS ½" 1,000 (GOT-50)	1,000/Bucket	.500"
308235	GRIP-ONS 1" LD 1,000 (GOT-100LD)	1,000/Bucket	.650"
