Building Opportunities
**THROUGH CONNECTED
HOME SOLUTIONS**

The Perfect Connected Solution For Every Customer.

More home devices and systems are designed to work together than ever before, and that trend is sure to continue with growing homeowner demand for connectivity.

Capitalize on this demand. Add value beyond the initial sale, with products that deliver **comfort and convenience**, and remote diagnostics that enable **better, more proactive service**.

The broadest portfolio of connected comfort solutions:

Integrate your connected customers and differentiate with premium service:

Contractor Portal for the Connected Home

RedLINK™ Wireless Systems

Advanced solutions for complex comfort challenges.

A RedLINK system is ideal for customers who want the convenience of remote comfort control and require a more robust solution.

Reliable, Secure Connection

Honeywell's RedLINK technology is a proprietary wireless network, facilitating a strong signal and secure, uninterrupted connection.

Bigger Revenue Opportunities

RedLINK helps you offer an integrated solution, which provides greater customer benefits while boosting your bottom line.

Ability To Differentiate

RedLINK solutions enable you to showcase your expertise and give customers value they can't get anywhere else.

Prestige® IAQ
VisionPRO® 8000
Wireless FocusPRO®

RedLINK IS GREAT FOR:

A multi-level home with temperature swings between the top and bottom floors.

Homeowners with seasonal allergies and homes with pets, because RedLINK can link to and control indoor air quality products, such as whole-house air cleaners

Homes with inconsistent humidity levels

Outdoor Air Sensor
Indoor Air Sensor
Vent and Filter Boost Remote
Entry/Exit Remote
Portable Comfort Control™

Wireless Zoning System

Control on the go with Honeywell's Total Connect Comfort app.

Works with ecosystem and API integrators including WeatherBug Home, Zonoff, Wink, HouseLogix, Logitech, and EnergyHub.

Wi-Fi Thermostats

Simple connectivity. Control from anywhere.

A Wi-Fi thermostat is ideal for customers who value the flexibility of remote visibility and control, and simply want to get connected.

Connects To Existing Wi-Fi Network

Honeywell Wi-Fi thermostats connect to the home's wireless network – no need for additional gateways or equipment.

Quick, Easy Install

Streamlined install process and single-screen scheduling help you get on and off the job quickly.

Intuitive Operation

Plain-language menus and commands make Honeywell's Wi-Fi thermostats simple to use, minimizing customer callbacks.

A WI-FI THERMOSTAT IS GREAT FOR:

Homeowners who travel and want to make sure their HVAC system is operating as expected.

Customers who want to adjust the heat or A/C in their vacation home before they arrive.

Monitoring temperature in a rental property.

Wi-Fi 9000
Wi-Fi VisionPRO® 8000
Wi-Fi FocusPRO®

Control on the go with Honeywell's Total Connect Comfort app.

Works with ecosystem integrators including IFTTT, Lutron, WeatherBug Home, Zonoff, Wink, HouseLogix, Logitech, and EnergyHub.

Lyric Round™ Wi-Fi Thermostat

Intelligent comfort control for the connected home.

The second generation Lyric Round Wi-Fi Thermostat is ideal for customers who want the freedom to stay in touch with their home's connected systems to maximize savings, comfort and security.

Easy Installation And Setup

Installers can access the on-screen menu right at the thermostat or by using the Lyric app. An equipment test cycle is built in, and every Lyric Round includes an installation manual for quick reference if needed.

Location-Based Temperature Control

Lyric Round uses your customer's smartphone location to adjust the settings to save energy when they're away and help make them comfortable upon arrival.

Ecosystem Integration

Works with Apple® HomeKit™ and Samsung® SmartThings™ for control of connected products ranging from lights to garage doors, delivering an even greater connected home experience.

Smart Alerts

Homeowners receive maintenance notifications and alerts about extreme conditions to help maximize efficiency and extend the life of HVAC equipment.

True Connectivity

The Lyric Round works on the Honeywell Lyric Wi-Fi connected platform designed to simplify home comfort, security and awareness by controlling connected home products with a single app.

Works with ecosystem integrators including Apple HomeKit and Samsung SmartThings.

LYRIC ROUND IS GREAT FOR:

Families with busy, unpredictable schedules.

Tech-savvy customers who use apps.

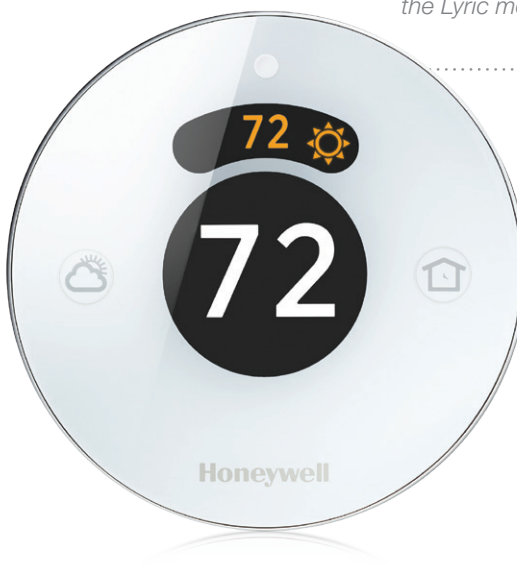

Customers who don't program their thermostats and aren't saving as much as they could.

Environmentally conscious homeowners who want to maximize energy savings.

Customers who want to integrate Connected Home systems.

Control on the go with the Lyric mobile app.

The Contractor Portal

Connect to better service and bigger revenue.

With the Contractor Portal, you can offer more proactive service and drive additional revenue with the sale of a connected solution.

Better Service

With the portal, you have 24/7 access to current conditions and system performance over time, helping you proactively diagnose potential issues before they become costly problems.

Bigger Revenue

Remote diagnostics can enhance your existing service agreement or become a separate service offering. As a portal user, you'll also be part of an exclusive database that receives leads from customers who buy at retail.

Supported Thermostats

Connects to all Honeywell RedLINK™ and Wi-Fi thermostats, Honeywell Wi-Fi thermostats purchased at retail, and the Lyric Round™ Wi-Fi thermostat.
