

# Touch·N·Go™ Thermostats

The uncommon commonsense control

home

**With our new Touch-n-Go™ thermostats, maximizing your home comfort is common sense.**

With intuitive push button controls, Bryant's new thermostats have removed the complexities from home comfort. All in a subtle design that looks more like a photo frame than the master control of your heating and cooling system.

away

**Say “bye-bye” to unnecessary heating and cooling costs while you're out for the day.**

Even if you're not home to feel if the heat or air is on, it seems like you feel it in your wallet. But thanks to our user-friendly Touch-n-Go thermostats, it's easy to stop kicking yourself for not setting back the temperature while you're away for the day or sleeping.

# Touch·N·Go™

- Permanent memory retention
- Continuous backlighting option
- 8-hour clock backup
- Battery-less option
- 5-year warranty
- Designed and assembled in the U.S.A.

sleep

**Rest easy with the worry-free way to enjoy maximum comfort and maximum energy savings all day, every day.**

Make your home a place of relaxation where there is no too hot or too cold, but only just right. And with programmable and non-programmable models available, you'll always have the temperature control you're looking for.

“Whatever it takes” is a sign of commitment and a source of pride. Drawing from our straight-shootin’, problem-solvin’ mentality and legendary product reliability, we have yet to meet a challenge we couldn’t overcome with an answer that is easy to master. Which is why whatever your heating and cooling needs are, you can believe in Bryant.
