

RPL

Aluminum Gutter - 3 Inches X 10 Feet

Made seamless eavestroughs, built of corrosion-resistant aluminum, the gutters will not rot, rust or warp. A tough, baked-on paint finish resists flaking, peeling and blistering to ensure years of maintenance-free performance.

Another great feature of the products is that they can be matched to your siding, windows and doors to complete the look of our home.

Details

- 3-inch trough
- 10-foot lengths
- Aluminium material resists rusting and corrosion
- Finish uses a polyester paint system formulated for exterior durability
