TechPure

WHOLE HOUSE AIR CLEANER

HIGH EFFICIENCY
Filtration available up to MERV 15 performance.

CLEANER
FRESHER AIR TO YOUR HOME!

AIRBORNE
PARTICLES AND CONTAMINANTS

- Air cleaner attaches to any forced air heating or cooling system

- MERV 11 and MERV 15 filtration options

- Helps maintain high efficiency levels of your HVAC Equipment

- Protect your family and home from airborne particulates, allergens, dust, and dander

- Cleans the air in your entire home every time your heating or cooling system is on

- Easy filter cartridge replacement lasts up to 12 months*

- When the TechPure media cabinet is used in conjunction with the Air Knight IPG unit, testing shows an efficiency increase of an additional 10%.

To complete and optimize your indoor air quality, consider adding the Air Knight IPG .

*Filter life varies based on equipment runtime and lifestyle conditions.

TechPure
WHOLE HOUSE AIR CLEANER

HIGH EFFICIENCY
Filtration available up to MERV 15 performance.

Filter media is a proprietary composition, white synthetic pleat filter manufactured to maximize quality and efficiency.

The pleated filter utilizes the electrostatically charged, 100% synthetic media to provide significantly higher particulate efficiency than regular poly/cotton media pleated filters with low pressure drop.

- Sized for air handlers and furnaces
- **Fully insulated** cabinet and door
- Low pressure drop (0.232" @ 492 FPM) (See installation sheet for additional detail information.)
- MERV 11 and MERV 15 replacement filters available
- Utilizes standard size filter media — **no custom sizes to order**
- Includes duct/equipment insulating gasket and mounting metal
- Easy filter size identification printed on door label
- Solid 22 gauge galvanized steel cabinet
